

TANISHQ RUPAAL

tanishq.page | trupaal@gmail.com | Atlanta, US | +1 404 319 1433

Passionate and academically experienced in Cyber Security with a strong background in computer science, I aim to be successful as a Security Specialist.

Education

- **MS in Cybersecurity** | Georgia Institute of Technology
Aug 2019 - May 2021 (Expected) | CGPA (up to Spring 2020) - 3.86 / 4.0
- **BE (Hons.) Computer Science** | BITS Pilani
Aug 2015 - Jun 2019 | CGPA - 9.51 / 10.0

Experience

- **Georgia Institute of Technology** | Jan 2020 - Present
Graduate Teaching Assistant | Course: CS 6035/4235 - Intro to InfoSec
 - Supervised course logistics and prepared examinations and weekly quizzes
 - Graded assignments and held weekly QnA sessions for a class of 200+ students
- **Google LLC** | May 2020 - Aug 2020
Security Engineer Intern
 - Improved Fuzzbench build system to use a single source of truth for building benchmark docker images
 - Eliminate differences b/w standard and OSS-Fuzz benchmark integration
 - Integrated a coverage guided fuzzer (Manul) into Google Fuzzbench project
 - Written PoC fuzz targets for 2 open source projects
- **Paramount Computer Systems FZ LLC** | Aug 2018 - Jan 2019
Cybersecurity Intern
 - Implemented a Secure File Upload Web Server with account management built for clients to upload log files securely to a public facing server
 - Developed Automated Vulnerability Assessment (VA) Bot programmed to automate VA for internal networks using Nessus, Mass-scan, Nmap and scripting on python and bash
- **Paramount Computer Systems FZ LLC** | Jun 2017-Aug 2017
Intern
 - Performed VA in the internal network of the office space.
 - Delivered sessions on Ransomware awareness to healthcare practitioners.

Core Skills

- Proficient in **Python**, **bash** and fundamentals of C, C++, java, and web (html/css/js/php)
- Experienced in **Kali Linux** with good command over **Linux systems**
- Experienced with **GDB**, **Ghidra** and binary exploitation techniques
- Knowledgeable in **Computer Networking**, **Docker** and build systems like Make
- Active participant in **Capture The Flag** competitions and Competitive coding

Projects

- **Analysis of Top 1 Million Domains | March 2020**
 - Analyzed Majestic, Alexa and Tranco lists applied to 3 security metrics - HTTP/2.0 adoption, IPv6 adoption and TLS adoption
 - Crawled the domain lists for 30 days and visualized popularity changes
 - Performed trend analysis for Top 100, 1000, 10000 forecasts
- **SubDextract - Sub domain enumeration | March 2020**
 - Implemented using Python, useful even in local-only network environments
 - Incorporated fast and reliable queries such as CT logs, SAN, DNS, etc.
 - Yields 10x speedup with decrement of 30% # subdomains compared to Sublist3r
- **Cookie-Less secure Login | Sept 2018**
 - Constructed login page without cookies using php and js constructs
 - Enforced security against SQLi, token/cookie based attacks and replay attacks
- **EncCat - Encrypted TCP socket Communication | May 2018**
 - Created a secure communications and large file sharing tool on python
 - Emulated netcat with addition of a self-devised encryption scheme (salsa20 + rsa)
 - Yields 2x speedup for file transfers against cryptcat (twofish)
- **Secure Voting on Blockchain (Ethereum Platform) | Apr 2018**
 - Developed a secure voting system using node.js in a team of 2
 - Secured against replay attacks, session hijacking, XSS and CSRF using helmet.js

Accomplishments

- **Dubai Police CTF Competition - Top 15 | Feb 2019**
- **Hack in The Box (HiTB) Conference 2018, Dubai | Oct 2018**
Secured Rank 1 (UAE) in CTF (Professional) competition under team "PCR_RT"
- **IEEE Xtreme 11.0 : Programming competition | Oct 2017**
Secured Rank 1 (UAE), Rank 415 globally, under team "Optimise Prime"
- **Research Proposal | Dubai Electronic Security Center (DESC)**
Proposed a network topology with self healing threat identification and correction.
- **Built prototype for a Healthcare activities Tracking System as part of team Medikate in NYU Abu Dhabi Hackathon 2019**
- **Participated in Global OSINT Search Party CTF by TraceLabs**
- **Solved many challenges from HackTheBox, VulnHub, Root-me and Pwnable**

Extra-Curricular and Hobbies

- **President, Founder and Workshop Instructor for ACM The Hacker's Exclusive (HEX), an SIG (special interest group) at BITS Pilani, Dubai Campus**
- **Managed student employment and placements as a Student Executive, Careers Division at BITS Pilani, Dubai Campus**
- **Avid involvement in Security Conferences such as DEFCON, BSides, HiTB, etc**
- **Drummer (band Phantom Asylum, Dubai) - Rockschoool Drums Grade 4 (92%)**
- **Photography and Digital Concept Art**
